ICT and 1JT loved making pancakes during Investigation Time! They followed the recipe in the cook book, measured the ingredients and mixed up the batter using plain flour, milk and eggs. The pancakes were cooked in the electric fry-pan, before being eaten by the hungry class of students!

After making and eating the pancakes, the students were given the opportunity to talk and write about this yummy experience! We also learnt a new rhyme about making pancakes and acted out each line of the rhyme — so many verbs! Wow!
