

Kilberry Valley Primary School

E-mail and Web 2.0 Permission Form

Dear Parents and Guardians,

E-mail: Kilberry Valley Primary School recognises that e-mail is a useful communication tool that is used in everyday life. Students need to learn the skills involved in using this important tool. Using an e-mail address also allows for students to register with great web 2.0 tools (dynamic user generated content websites).

Our students from grade 4 to grade 6 will be receiving Kilberry Valley Primary School email addresses once this permission form has been handed in.

Web 2.0: In the last few years, the internet has grown in the availability of Web 2.0 applications (dynamic user generated content websites). These are a resource to enhance our curriculum. Although these applications are widely used by the education community, in many cases, their Terms of Service require explicit parental permission for students under the age of 13 to use a particular site. As these sites are instrumental in the development of our curriculum, we are asking that you and your child read this document sign the permission slip and return the notice to the school.

ONLY SIGN THE PERMISSION FORM BELOW AFTER YOU HAVE FINISHED READING THE RULES OF USE ON THE OTHER SIDE OF THIS PAGE.

Please cut along the line and return the form to school.

Kilberry Valley Primary School

Email And Web 2.0 Permission Form

Student Signature

I have read and agree to the rules for use of e-mail/Web 2.0 applications and will follow the rules outlined.
