\* *In rare circumstances an employee does not need a worker permit. This includes law enforcement, emergency services workers or healthcare workers who carry employer-issued photographic identification, which clearly identifies the employer.*

\*\* *'Disability' refers to all students receiving adjustments, including (but not limited to) those supported through the Program for Students with Disabilities.*

\*\*\* *Severe stress category  
Principals will contact parents/carers to discuss appropriate arrangements where the family is experiencing severe stress due to the functional impact of the child's disability on providing care and supervision for remote and flexible learning (including via referral from external agency, mental health or other health service). In these instances, school/s will take a collaborative family-centred approach to determine appropriate on-site attendance arrangements for children with disability. This will seek to address the severe stress families are experiencing and be consistent with the intent that on-site supervision is to be provided in limited circumstances only to limit the movement of people across metropolitan Melbourne as far as possible as part of efforts to slow the spread of COVID-19.*
